Computational Architecture

PROFILE

Architect and interior designer with nearly fifteen years of experience across architectural practice, interior design, and digital visualization. Based in Germany since 2017, with practice spanning competition-based public architecture, residential and hospitality design, and design computation. Combines technical rigor with a spatial sensibility developed across diverse project types and scales — from historic restoration to contemporary urban development.

WORK EXPERIENCE

2023-2026

COMPETITION MANAGEMENT ARCHITECT

Kohler Grohe Architekten · Stuttgart, Germany

Competition management for architectural and urban design competitions across Baden-Württemberg. Responsibilities included preliminary review and technical assessment of submissions, evaluation against competition briefs, data visualization for jury presentations, and coordination of formal documentation. Projects ranged from educational campuses and public infrastructure to residential developments and urban renewal schemes.

2017-2023

ARCHITECTURAL DESIGNER · INTERIOR DESIGNER

Schmitz-Riol Architekten · Weimar, Germany

Full-scope architectural and interior design practice across residential, hospitality, restoration and renovation projects in Germany, Austria, Switzerland and France. Work encompassed architectural planning, interior design, detail design, construction documentation and visualization — from historic farmstead restorations to hotel and restaurant interiors, developed from concept to completion.

2022-2023

FREELANCE XR DESIGNER

Aesculap AG · Tuttlingen, Germany

Design and development of interactive media installations and immersive experiences for medical technology environments.

2014-2016

BRAND ARCHITECT · INTERIOR ARCHITECT

304 Design · Istanbul, Turkey

Brand architecture and interior design specializing in hospitality, retail and workplace environments. Led projects end-to-end including design, detail, furniture design, production coordination and construction management. Developed custom furniture and branded spatial elements through the studio's own metal and woodworking workshops.

2013-2014

INTERIOR ARCHITECT · PRODUCT DESIGNER

Cisimdesign · Istanbul, Turkey

High-end interior design focused on hospitality and residential projects. Full responsibility across all phases — concept through detail design, furniture design, custom production and site coordination.

2012-2013

INTERIOR ARCHITECT · FURNITURE DESIGNER

Projemasif · Istanbul, Turkey

Interior architecture and custom furniture design with a focus on craft-based production. Hands-on involvement in traditional carpentry and joinery for residential and office interiors.

2023-2024	SPATIAL NARRATIVES Lecturer · Bauhaus Spring School · Bauhaus-Universität Weimar Studio seminar exploring spatial storytelling through media, archive and site-specific methods.
2023-2024	RE-LOCATED STORIES Lecturer · Bauhaus-Universität Weimar Research-based design seminar on storytelling, displacement, migration and spatial memory. Projects combined archival research with spatial and media design output.
2021-2022	CONTEMPORARY TOOLS FOR DESIGN Lecturer · Bauhaus-Universität Weimar Seminar on producing media works across different mediums — sound, image, 2D and 3D design software — exploring tools and processes for interdisciplinary media-based design practice.
2020-2021	MODELLING BAUHAUS WORKSHOP Workshop Instructor · Kadir Has University, Istanbul International workshop on Bauhaus pedagogy and spatial modelling, Faculty of Art and Design.
2019-2020	PROFESSIONAL PRESENTATION METHODS Lecturer · Bauhaus-Universität Weimar Continuation of the architectural modelling course, examining architectural visualization, interactive and immersive spaces through the contexts of VR, AR and game design.
2018-2019	INTRODUCTION TO ARCHITECTURAL MODELLING Lecturer · Bauhaus-Universität Weimar Course on two- and three-dimensional architectural modelling methods — covering digital tools and techniques for spatial representation and design development.
2018-2019	BAUHAUS-OASEN — TRANS-LOKAL VERNETZEN Workshop Instructor · Bauhaus-Universität Weimar Transdisciplinary workshop on community-based spatial and media practices across local and international student contexts.
INDEPENDENT PRACTICE	
2024	MONOGRAM GASTRO PUB Interior Design Consultancy · Restaurant · Café · Bar · Ankara, Turkey Spatial concept, material specification and detail design for a multi-format hospitality venue.
2022-	AESCLAP AG MEDIA EXPERIENCE Interactive Media Installation · Tuttlingen, Germany Ongoing design of immersive spatial media installations — concept, spatial design, real-time interaction and production coordination.
2019	MONOGRAM COFFEE Interior Design Consultancy · Coffee Shop · Samsun, Turkey Spatial layout, material palette and custom furniture design for a specialty coffee shop.
2018	HYDROGEN FUEL STATION Parametric Architectural Design · Bauhaus-Universität Weimar, Faculty of Engineering Parametric design of a hydrogen fuel station exploring structural and formal possibilities for sustainable infrastructure architecture.
2016	MUSTAFA ÜREYEN LAW HOME OFFICE Interior Design Consultancy · Law Office & Private Residence · Antalya, Turkey Interior design consultancy for a combined law office and private residence — spatial planning and material concept.
2015	NO:75 PASSAGE Interior Design Consultancy · Restaurant · Café · Bar · Samsun, Turkey Spatial planning and atmospheric design for a multi-use passage dining venue.
2013	ARKAODA BAR Architectural Planning · Public Space · Istanbul, Turkey Architectural planning, visualization and restoration project development for a cultural bar and public gathering space.
